Pathway Program Overview

Our Pathway Program is your springboard to colleges and universities in Canada and the USA. Our program prepares students for post-secondary study and is customized to the needs of each individual learner. From the moment you book your course with us we offer you personalized and individual attention and provide you with a coordinator, all of which will ensure your success and provide you with the foundation and skills needed for a brighter future. Our partner institutions recognize our levels, eliminating the need for an entry exam such as IELTS, TOEIC or TOEFL*.

** Please note IELTS or TOEFL scores may be required for all competitive programs and also certain post-graduate and graduate programs.*

English Language Studies

Classes are available in-person, online, or as a blended learning combination of the two. Our teachers are trained in methodology which builds upon the Common European Framework for Languages, and have also received training in the successful delivery of online classes. Our Pathway Program teaches all the specific skills that post-secondary students should have at their disposal. Using our exciting elective syllabus and tutorials throughout their studies, students can truly have a personalized experience. This can include learning new study skills, academic English and language for the world of business and study. There is a strong focus on language acquisition and real-world application. In our morning classes Pathway students will have the opportunity to expand on the building blocks of language (grammar, vocabulary and functional language) and also practice them while developing their language skills – speaking, listening, reading, writing and mediation.

In Canada, Pathway students will take the Intensive 30 or Super-Intensive 40 course consisting of 45 minute lessons. In the USA, Pathway students will take the Intensive 27 or Super-Intensive 36 course consisting of 50 minute lessons.

The elective lessons provide students the opportunity to specialize in, or explore further, a particular area of interest, or to address an area of challenge. Both programs offer 18/20 morning lessons and either 9/10 or 18/20 elective lessons in the afternoon. Elective packages are available for both the Super-Intensive and Intensive Courses. Electives packages are curated selections of classes catering to several areas of interest and providing variety while still addressing the specific needs of each student. The Academic English Super-Intensive Package is an excellent choice for Pathways students and consists of electives focusing on Academic Reading and Writing, Academic Speaking and Writing, Global Leadership, Debate and Presentation.

Our system is highly regarded, and upon successful completion of our Pathway Program you will gain seamless entry to one of our 50+ partner universities and colleges.

Post-Secondary Studies

Choosing the course that best fits your educational and geographical needs is just as important as developing your English skills. Our partner institutions offer the flexibility of certificates and diplomas, in addition to undergraduate and post-graduate degrees, in a variety of academic fields. You will find the perfect campus to suit your preferences at one of our diverse partner institutions located across Canada and the US.

Pathway Program Director

We have a dedicated Pathway Director on staff to help pathway students and their overseas advisors by providing necessary support through the enrolment process and helping students choose the right university or college. Once students start the program, the Coordinator meets with them regularly to check on progress and respond to concerns or questions and to provide updates. Your Pathway Coordinator also acts as a liaison between students and our partner institutions, ensuring that you are well prepared for post-secondary studies at the end of your English course. With thorough knowledge of our partner institutions' programs and requirements, our Pathway Coordinator ensures all details are taken care of and information is passed on accurately and efficiently.

Connected with Your Pathway Institution

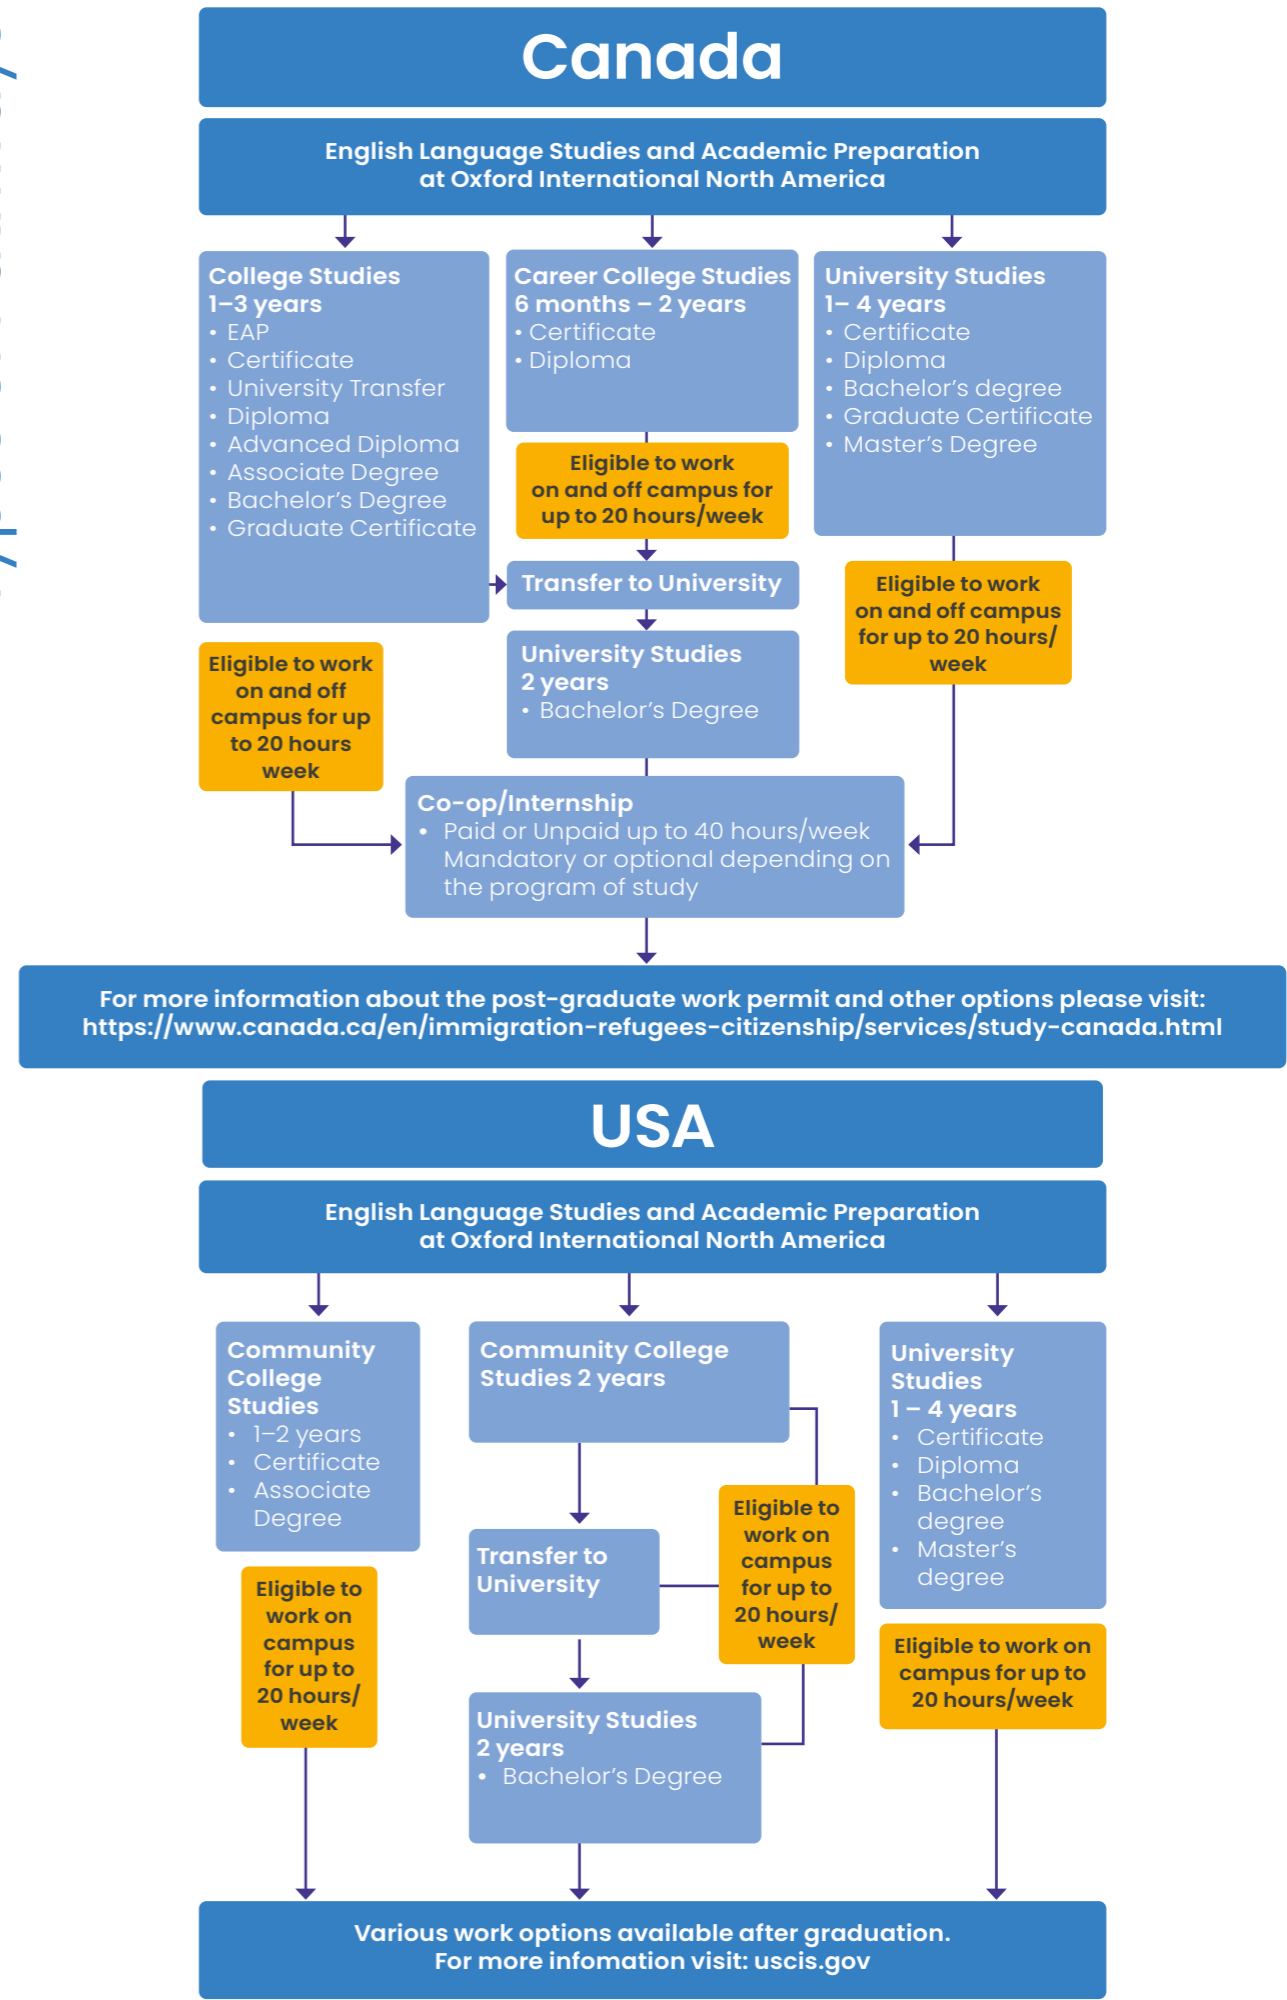

We want to ensure that you become familiar with the programs and policies of your college or university. Your Pathway Coordinator will keep you feeling confident and in control by connecting you with your college or university from the onset of your English studies. This could include campus tours and presentations by visiting representatives.

Conditional Letter of Acceptance

Many partners will be able to provide a conditional letter of acceptance upon registration in our Pathway Program

From the moment you book your course with us we offer you personalized and individual attention and provide you with a coordinator, all of which will ensure your success and provide you with the foundation and skills needed for a brighter future.

Types of Pathways

Your Learning Begins Before You Arrive

All students are enrolled onto our new Virtual Learning Campus, and receive a log in to begin their journey with Oxford International. From here they can take a placement test and access information about their school. Their profile here will hold all of their academic progress during their time at the school including test results, tutorials, self-study materials and exam preparation.

Pathway Intensive Course 27 (USA) or 30 (Canada) Lessons

Morning: 18 fifty minute (USA) or 20 forty-five minute lessons (Canada) of academically focused English classes which integrate grammatical structures, guided conversations, pronunciation, speaking, listening, reading, writing and vocabulary.

Afternoon: 9 fifty minute (USA) or 10 forty-five minute (Canada) Specialized Elective Lessons per week + Study Club/Social Program (optional) + pathways workshop (mandatory). These classes are tailored to English for Academic Purposes with options such as: Academic Reading and Writing, Academic Writing and Speaking, Debate and Presentation, Global Leadership and Exam Skills; IELTS, Cambridge and TOEFL.

Pathway Super-Intensive Course 36 (USA) or 40 (Canada) Lessons

Morning: 18 fifty minute (USA) or 20 forty-five minute lessons (Canada) of academically focused English classes which integrate grammatical structures, guided conversations, pronunciation, speaking, listening, reading, writing, and vocabulary.

Afternoon: 18 fifty minute (USA) or 20 forty-five minute (Canada) lessons which consist of specialized classes tailored to English for Academic Purposes including: Academic Reading & Writing, Academic Writing & Speaking, Business English, Exam Skills, TOEFL, IELTS, Cambridge + Pathways Workshop (mandatory).

Start dates

The Pathways curriculum is designed in a way that allows students to enter the program on a weekly basis. We accept students at all English levels and the program length can be flexible according to English level assessment and final choice of partner institution.

Level	Student starting level	Approximate length of time
Pre-Pathway (integrated with regular ESL classes)	1-3	12 to 24 weeks (36 or 40 lessons)
Pathway I	4-6	12 to 16 weeks (36 or 40 lessons)
Pathway II	6-8	12 to 16 weeks (36 or 40 lessons)

Structure

Pre-Pathways – Levels 1–3 Students are integrated into regular ESL classes where they will learn and practice the foundations of English. Focus on:

- Grammar
- Vocabulary
- Reading
- Writing
- Listening
- Speaking

Pathway I – Levels 4–6 Students will build on the foundations of English skills and shift more towards developing the skills which are essential for university bound students. Focus on:

- Skills such as: understand main ideas in a presentation or lecture, give short presentations, give an overview and summary of an academic text, writing paragraphs, taking & expanding notes
- Tasks & Functions such as: taking detailed notes on explanations & examples, offering and responding to opinions, presenting argument for and against, analyzing, planning and using notes
- Grammar such as: using the past simple and present perfect to talk about experiences, using reported speech to refer to points in a presentation, present and past tenses and referring to research finding
- Vocabulary such as: academic and technical vocabulary, linking expressions, the language of cause & effect, evaluative adjectives

Pathway II – Levels 6–8 Students will focus on English for Academic Purposes and take advantage of the specialized electives focusing on their area of interest. They will work on refining their skills that they learned in the earlier levels; however, the focus will move to those skills that will be necessary for life as a university student.

Skills such as: use of textbooks & dictionaries, describing visual information, citation and referencing, essays, lectures & interviews, preparing for & taking part in seminars, tutorials & presentations

- Tasks & Functions such as: note taking, identifying ideas in a text, essay writing – writing & evaluating a thesis statement, comparison, argument, cause & effect, understanding the main points of a lecture
- Grammar such as: reporting verbs, persuasive language: adjective phrases, conditionals, phrasal & prepositional verbs
- Vocabulary such as: coherence in essay writing, building academic vocabulary, using a monolingual dictionary

In Pathway I and II students will also attend workshops that focus on:

- Note taking techniques
- Summarizing lectures
- Building & developing research & presentation techniques
- Application essays
- Resume building
- Admissions interview techniques
- Tips for university success
- Understanding course requirements

Premium Academic Quality

In all of our courses, we aim to empower the learner and prepare them for today's world. When students graduate from our Pathways Program, they are ready to use the English they have learned in their place of study. Classes are available in-person, online, or as a blended learning combination of the two.

Our teachers are trained in methodology which builds upon the Common European Framework for Languages, and have also received training in the successful delivery of online classes.

21st Century Skills

Pathway students establish or build on a firm foundation across all the skills, using critical thinking and a combination of modern technology and tried and-tested pedagogical practices to improve their learning experience. It is extremely important to us that students not only learn new language structures, but also use them actively in their everyday life.

Training in critical thinking allows students to develop and share their opinions, with a focus on interaction and sharing information. Students are guided in their learning to develop their productive, receptive as well as mediation skills.

- Productive skills are an indication of how much or well a student can speak or write.
- Receptive skills indicate the student's ability to understand what they hear or read around them.
- Finally, in mediation, the student is able to transfer information (written or spoken) from one source to a recipient to receive and respond to information, and in return act as a facilitator or intermediary. In making this last step, students are truly prepared to use their English in a meaningful way in their lives.

Personalized Study Plan

Our teachers provide Pathway students with constant feedback and opportunities for students to identify their own strengths and weaknesses, building their confidence to not only take advantage of the wealth of knowledge our instructors bring to the classroom, but also to be independent learners outside of the classroom. Backed by our online learning platform, which adapts to each student according to the tests and study they do, they will receive the highest level of personalized education. Free Pathway workshops are also included in the course.

Progress Guarantee

We guarantee that you will progress to your Target English level or you study for free* If you have not progressed to your desired English level by the end of your studies, you will be entitled to additional classes at no extra charge until you reach your Target English level. Target English Level is defined as the level that you are working towards completing.

**Please note: Specific terms and conditions apply.*

Pathway Focused Elective Classes

English for Academic Purposes

For Pathway students intending to study in English, this course will help them to establish successful habits and teach the skills needed to succeed in higher education including note taking, essay writing, discussions and presentations.

Exam Skills

In this course, test-taking techniques are practiced and students are exposed to a variety of practice materials for the IELTS, TOEFL, TOEIC, and Cambridge exams, tailored to the needs of the students.

Academic Reading & Writing

This course will develop the ability to produce pertinent and accurate writing, exploring style and register. The integrated approach of the class fosters academic literacy and content development to build a solid foundation of academic language skills. Students will write formal essays, read and analyze fiction and non-fiction and improve their reading speed and comprehension.

Global Leadership

Our global leadership course offers training in self-evaluation, critical thinking, negotiation, active listening and research, all within the framework of an ESL program of the highest academic standards.

Academic Writing & Speaking

From sentence structure to writing comprehensive reports and oral presentations to formal debates, in this class students will work on their academic production skills. Students explore a different topic each week and prepare presentations and take part in discussions, with each week culminating in at least one piece of written work.

Free Pathway Workshops

In addition to the elective classes and to further aid in student progression, a free Pathway workshop is offered to all students in a number of different formats.

The Pathway Workshop may include

- Small group tutorials focusing on specific needs such as writing and grammar.
- Supervised homework study sessions with a teacher.
- Formal peer mentoring sessions overseen by the Director of Studies.
- Workshop sessions on study skills, organization and cultural adjustments.
- IELTS/TOEFL and/or other standardized test practice.

Lesson Times

In Canada lessons consist of 45 minutes.

In the USA lessons consist of 50 minutes.

The Process

- 1** Our Pathway Team is here to guide and support you
- 2** Identify the best program based on your future goals and academic background and take our North America Pathways English Test:
oxfordinternationalenglish.com/useful-information/english-test/
- 3** Complete and submit an application form specifying the length of the Pathway Program (English Language Studies)
- 4** Complete and submit a Pathway Partner application with our help (including the payment)
- 5** Receive a Conditional Letter of Acceptance (CLOA) from our Pathway Partner
- 6** Apply for the Student Visas & Permits in Canada or US
- 7** Complete Pathway program and achieve English language level to enter partner institution without IELTS
- 8** Eligible to work on campus in the US and Canada and off campus in Canada only for 20 hours a week
- 9** Transfer to a top university by studying first at a 2 year college in the US or Canada
- 10** Possibilities for Post Graduate Work Permit in Canada by studying at an eligible institution

English for Academic Purposes (EAP)

These are courses that help students develop the academic English skills needed for success in college or university courses. These programs typically last for two semesters (one year).

Certificate

These courses require the completion of two semesters (one year) of study.

University Transfer

This involves programs or credits taken at the college level for one to two years, which will allow students the option to transfer to university.

Diploma

This requires the completion of at least four semesters (or two years) of study.

Advanced Diploma

An Advanced Diploma is granted after six semesters (three years) of study.

Associate Degree

An undergraduate academic degree awarded by colleges and universities upon completion of studies lasting two years.

Bachelor's Degree

Consists of four years of study and offers the best of both worlds: a solid foundation of theoretical knowledge and the practical skills to apply this knowledge in the real world.

Graduate Certificate

This course requires students to possess a previous university degree or a college certificate or diploma for admission. These programs typically last for two semesters (one year).

Master's Degree

An academic degree given by a university after a student completes at least one year of prescribed study beyond a Bachelor's degree.

Co-op

These programs include scheduled periods of employment in related industries within the academic year. These placements may be paid or unpaid positions and may be a requirement for graduation.

Acsenda School of Management (ASM)

Acsenda School of Management is a private post-secondary institution located in the vibrant business district of Vancouver, offering competitive undergraduate degrees in both business administration and hospitality management. Acsenda is an institution that emphasizes an international business focus, a diverse learning environment and small class sizes.

Vancouver, British Columbia
