Accommodation

Homestay

What better way to improve your English than to live with a homestay family? As well as experiencing family life, it is a great opportunity to practise your communication skills in a friendly and comfortable environment. Families in Britain may range from single parent families, couples with no children, or the more traditional idea of a family consisting of both parents and children. Home pets like dogs and cats are also very common in the UK so do let us know if you have any medical allergies. Whichever family you are placed with, they will certainly make you feel welcome and happy in their home. Do not forget, however, that you are their guest.

There are some guidelines on the rules of living with a homestay family in the UK:

- Meal times are usually at the same time each day. If you do NOT want an evening meal that night or you are going to be late then it is very important you telephone your hosts EARLY to tell them. Please do not leave this until the last minute.
- If you have booked the Half Board option then your host will provide you with breakfast and an evening meal each day. Breakfast usually consists of toasts or cereals, juice and tea or coffee. Please inform your hosts of any likes and dislikes you may have with your food and any allergies or special requests. i.e. vegetarian.
- Cooking in the homestay is not allowed unless the host gives you permission.
- Please do not take any food from the kitchen without asking. Your hosts will tell you what you can have. Tea, coffee and water should be available to you.
- Toiletries are personal items and you should bring those with you. These include toothpaste, toothbrush, shower gel/soap, shampoo and conditioner.
- If you are 18 or over and you smoke, you will need to ask your host if you are allowed to smoke in or outside their home. It is not usually permitted to smoke inside the house.
- Bathroom times should be discussed and agreed between you and your host. Your host may suggest a specific time for you each day.
- Your host will provide washing facilities for you and change your bedding once a week. Hosts will not iron clothes but should make facilities available to you.
- Accidents do happen and if you do break or damage anything, please tell your host immediately and offer to replace or compensate them for the item.

Accommodation

- Please keep your keys safe at all times and avoid putting the address of your homestay on them. If they are lost then no one will know where the keys are for, which is much safer. You will be expected to pay for the loss of your keys, so please keep them safe at all times.
- As you are living in a private home, it is always respectful and polite to not invite guests back without your host's permission first. Permission to do so is at your host's discretion. Overnight guests are not permitted.

Homestay accommodation is carefully selected by Oxford International Brighton. Your home should be clean and tidy and welcoming for you at all times and your hosts will treat you as a friend or as part of their family. It is usual that you will travel to school by public transport which can take approximately 30 minutes but not longer than 45 minutes. If you have any reason to wish to move from your allocated home stay then you can discuss this with the Accommodation Team at the school. A 2-week notice period is required. (Please refer to the terms and conditions which can be found on the website or available from Reception).

Finding private accommodation

- If you are thinking about renting private accommodation there are many different things to consider - not just the monthly cost!
- Always visit accommodation with a friend - do not go alone
- Never pay any money in advance of signing a contract with your landlord
- Remember to read your contract thoroughly before signing it and paying a deposit - it may be for a specific time period or include some hidden costs
- If you would like someone from the school to double check your contract you can ask at reception
- As well as your rent there may be extra costs to consider. For example council tax, TV license and other bills
- Meet your flatmates before you sign a contract if you can - this could make the difference between a good or bad stay!

The estimated living cost in the UK - according to the UKVI - is a minimum of £1,023 per month (including rent)

Academic support

At Oxford International, we are committed to helping students reach their learning goals, whether they are with us to study for business, life or academic purposes we can provide them with the right tools and support to help them progress.

Once your English programme begins, you will be immersed in a diverse and varied learning environment. Both inside and outside the classroom, you will benefit from the numerous ways that we support each of our students.

21st Century Skills - English for today's world

In all of our courses, we aim to empower the learner and prepare them for today's world. When students graduate from one of our six Oxford International Schools, they are ready to use the English they have learnt in their place of work or study.

Your learning begins before you arrive

All students will receive a login to begin their journey with us, they will be enrolled onto our new Virtual Learning Campus as soon as their booking is confirmed.

Personalised study plan

Our teachers provide constant feedback and opportunities to identify student strengths and weaknesses and to build student confidence to not only take advantage of learning in the classroom, but also to be independent learners outside the classroom. The Virtual Learning Campus adapts to each student according to the tests and study they do.

Formal assessments

Our students benefit from ongoing assessments as well as formal assessments every week and cover the 4 different skills as well as vocabulary and grammar. These tests enable the students and teachers to identify any areas in which the students are struggling and work as one element of overall progress monitoring to support teachers in deciding when a student is ready to move up to a class of a higher level.

Collaborative course review

Every two weeks, each student is given a one-to-one tutorial with a Senior Teacher in which they have the opportunity to discuss their own perception of their progress and learning.

Your teachers will help you improve your English language and skills, but students who work in their own time, as well as in class, will increase their language in a shorter space of time than those who don't.

Think about:

- **Taking responsibility for your learning.** If you want to improve, make it happen. Do not wait for the language to come to you, go and look for it. Do the most you can, not the least.
- **Joining a study group.** Find other students who have the same schedule of classes as you and meet with them to study and practise your English together.
- **The Student Support Service.** The Student Support Teacher will be happy to help you. Either make an appointment or pop along in their open hours (see information boards in the school).

Some ideas for practising your English outside the classroom are suggested below.

How can I improve my listening?

- Find something interesting to watch on TV
- Find a radio station you like, preferably one that has a good mix of music, news and discussions and debate.
- Try being an actor. Find a DVD that you like. Choose a scene that you like with a short dialogue. Watch the scene a few times and make a note of some phrases that the characters use (you don't need to get the whole dialogue). Think about what the phrases might mean – how are they used in the dialogue / how does the other character respond? Watch again and think about pronunciation/ stress/intonation. Try acting out the dialogue with a friend – it doesn't need to be exactly the same as in the film, but try to use the phrases that you've learnt. This would be a good activity to do with a friend or in a study group!

You don't have to understand every single word to understand the main gist of the story. The more you listen to the radio and TV, the more you will hear words and structures that you will eventually learn when you're ready.

How can I improve my grammar?

Think of some grammar that you want to work on. What do you already know? See how much you can remember then check any notes that you have made in class.

- the form (how it is made)
- the meaning
- when it is used
- pronunciation

Look again at your goals – what you wanted to know. Do you still have questions? Write down the questions so that you can ask a teacher or another student.

How can I improve my speaking?

Don't be afraid of making mistakes. If you don't make mistakes you don't need a teacher! As long as you learn from them, you're making progress. Be adventurous and don't use 'safe' language (language you already know) all the time. Instead, try language you're unsure about.

Don't be afraid to ask your teacher if you haven't completely understood - you won't look stupid. If you haven't understood, some other students probably haven't either!

- Read a short text in your own language or in English then report it to a friend in English
- Learn to sing your favourite pop songs
- Record yourself speaking and notice where the hesitations and any mistakes occur. Re-record until you are satisfied
- Persuade a friend to talk in English to you for 15 minutes every day. Increase the length of time as you become more fluent and confident
- Think in English! As you go to class or work each day, put your thoughts into words in English
- Try not to speak your first language with your friends. Be strong!
- Try to make them speak English and they will eventually thank you!
- Sit next to different people in class

Don't worry if you make mistakes when speaking in class.

Everyone makes mistakes and it's an important part of learning another language!

How can I improve my reading?

- Read a short article in an English newspaper or journal every day
- Try to increase your reading speed. Time yourself daily over texts of similar lengths and difficulty. Aim for 70% comprehension. Try to increase the speed daily. You should see results after a month
- Try to work out new words from the context (that's how you learned as a child). Use a dictionary only when essential
- Look at a headline and try to guess vocabulary, tenses etc. Read and see if you are correct
- Find a news report, then find another report on the same topic and compare it to the first. Make a note of any new information or differences
- See if you can find a podcast of a news story or listen to it on a news programme (see: the online study guide) and compare it to a written news report of the same story. Make a note of any new information or differences
- Download a News App to your phone (for example BBC News)

How can I improve my writing?

- Keep a diary in English. Your teacher may give you a similar task every Friday
- Collect model texts e.g., letters, articles and essays that you can use as models for your own writing
- Buy a good learner dictionary e.g., Cambridge Advanced Learner's Dictionary, Oxford Advanced Learner's Dictionary or Longman Contemporary English. Most dictionaries come with a CD-ROM. You can also borrow these from the Self-study room
- Buy a good thesaurus. Your teachers can advise you
- Edit a review. Cut and paste the review into a word document. Underline anything that you disagree with - it could be single words (adjectives?), sentences or whole paragraphs. Re-write the underlined sections saying what you thought of the film. Try to use similar language to the review

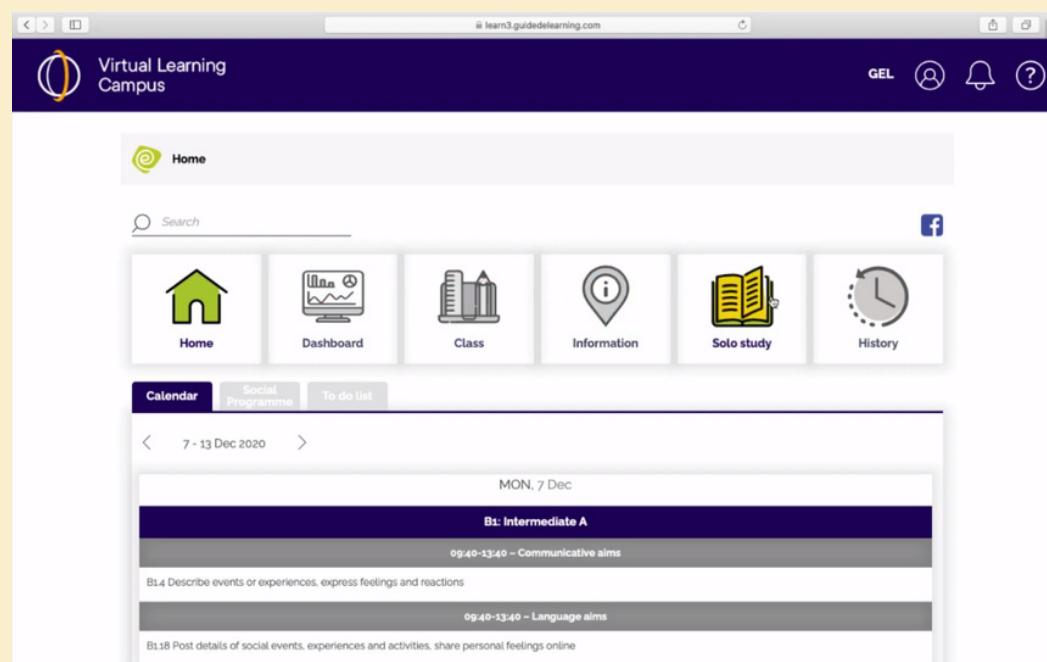

How can I improve my vocabulary?

- Keep a notebook for new words, verbs, expressions etc.
- Have a special section for phrasal verbs, grammar, irregular verbs, idioms/proverbs, collocations and synonyms/antonyms
- Don't record everything in the same notebook or use file separators if you are using a folder
- Structure how you record new items
- Try to make a sentence using the word, or even write a paragraph using 5 new words. This will help you to use them correctly. Look at what is used with the word, e.g. prepositions (interested in London), adjectives (deep sleep), verbs (do some cleaning/ make a good impression)
- It is useful to record these phrases and words that are often used together
- Make sure you know how to pronounce the word, in learner dictionaries the phonemic script will be next to the word and the stress will be marked. If you have a problem, ask your teacher
- Look again at the new words that you learn at the end of each day and again at the end of the week

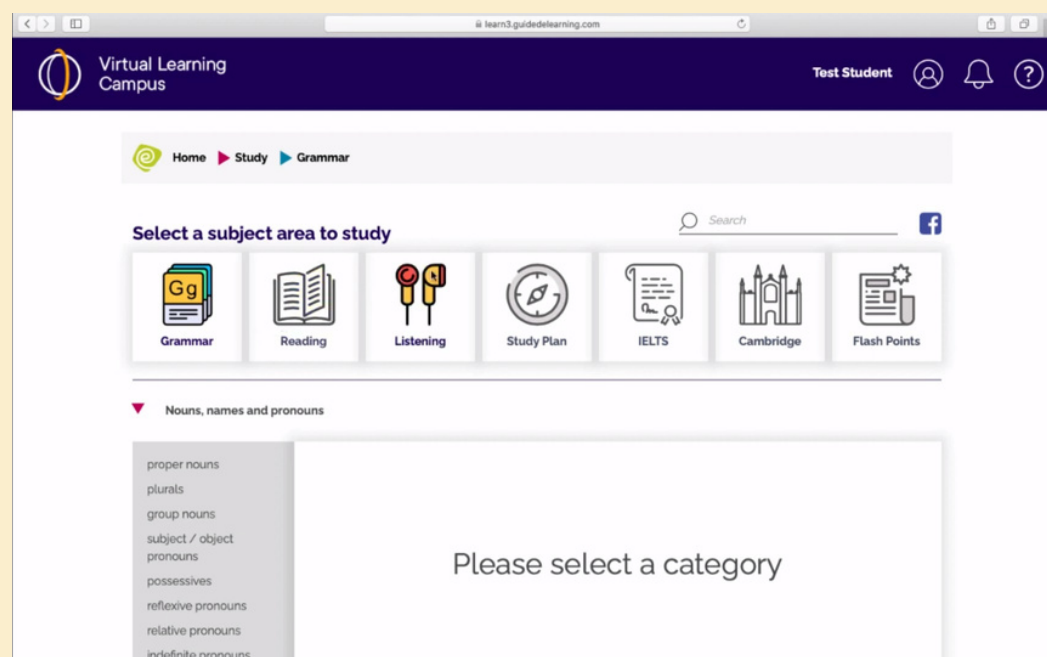

All students who are enrolled in our courses will have access to the Virtual Learning Campus. They will be given an induction at the school by the Director of Studies or the Senior Teacher and will be shown how to use this platform.

Attendance rules and UKVI

Rules and regulations

All students are expected to attend 100% of their classes with a minimum of 80% to receive a certificate of completion. The procedure for unauthorised absences will be as follows:

Authorised Absence:

- If you want time off, you must ask Student Services or Reception up to 2 weeks prior to holiday period
- If you are sick, phone the school before 9.00am or email brighton@oxfordinternational.com
- If you do not notify the school as described above, your time off will be considered "unauthorised absence" and will lower your attendance
- Regular unauthorised absences may result in a formal warning and you may be asked to leave the school*
- Any student who has less than 80% attendance will not receive an end of course certificate and no refunds will be given. The UKVI will be notified where applicable.

For **all visa students and sponsored students** please refer to the table below.

The UKVI requires all students on course in language schools, colleges and universities to attend 100% of their classes with the minimum of 80%. If you do not attend at least 80% of your course, you will not be able to get a final certificate or report and may have problems with future visa extension/renewal. The process is as follows:

If your attendance starts to fall close to 80%	We will have a friendly word with you to make sure your attendance does not keep dropping
If your attendance falls below 80% (without permission)	You will be given a verbal warning. This will be kept on your record
If your attendance is below 80% and has continued to drop since your verbal warning OR you miss 3 days in a row (without permission)	You will be issued a 1st Written Warning and you will be given an appointment to go and see the School Principal to explain your unauthorised absence. This will be added to your record.
If your attendance is below 80% since your 1st written warning and it has continued to drop OR you miss a further 3 days in a row (without permission)	You will be issued with a 2nd Written Warning and you will be given an appointment to go and see the School Principal to explain your continued unauthorised absence. This will be added to your record and your agent/parent notified you are on your final warning. This is your last chance to improve.
FINAL WARNING. If your attendance is below 80% since your 2nd written warning and it has continued to drop OR you have missed 10 days in a row (without permission)	You will be issued an Attendance Agreement by the School Principal. This will explain the terms and conditions of your course and the attendance policy. If you continue to fail to come to school without permission you will be expelled from the school without refund.
EXPULSION	You will be asked to leave the school and we will inform the UKVI and your parent and/or agent. If you are on a Tier 4 visa, you will be asked to leave the country immediately.

*Please read the terms and conditions for further details

Expectations in class

Punctuality

Please be on time for your classes. Students who arrive more than 5 minutes late will have to report to reception on arrival to explain why they are late. Students who arrive more than 20 mins late will not be allowed to attend until the next lesson.

See lateness policy below:

All students need to attend classes on time. Late arrivals disturb the class and make the job of the teacher more difficult.

0 - 5 mins late Go directly to your class

5 - 20 mins late Report to the office before going to class. Explain why you are late. Get a late slip (needed to enter the class late).

20 mins or more late You cannot enter the class until after the break.

After a break, students MUST arrive on time.

- We know that sometimes you will have trouble arriving on time. You will be allowed to enter the class only if this happens occasionally. If it happens more than twice in a week, you will not be given a late slip and will have to wait until your next lesson.
- If you think you will be late frequently, please speak to the Principal so different arrangements can be made.
- No refund will be made for late arrival at the school.

Conduct in class

- Put your phone on silent
- No eating or drinking in the classroom (except water)
- Try to speak English at all times
- Listen to your teacher
- Listen to your classmates
- Actively participate in class activities
- Contribute to class discussions
- Show a positive attitude to learning

- Please speak to the School Principal to stop this happening again.
- The school will not accept students who are rude or abusive to other students or school staff.
- The student will be cautioned or asked to leave the school without refund of their fees.

Life in the UK may be very different from what you are used to in your country of residence, therefore, we want to make sure you understand how people live in the UK and which rules they have to follow.

UK Law

Alcohol: You must be 18 or over to buy or drink alcohol. If you are fortunate enough to look under 25 you may be asked to show ID when buying alcohol.

Illegal drugs: You must not carry or use any illegal drugs.

Tobacco: You must be 18 or over to buy tobacco. Please find an ashtray to put your cigarette end in and do not drop it on the streets. You will be fined a penalty if caught.

Sexual relationships: It is illegal to have sex with someone under the age of 16.

Weapons: It is illegal to carry any sort of weapon, including knives, guns or self-defence spray. You can carry a personal attack alarm with you.

Theft/Stealing/Shop lifting: Theft is taking something that does not belong to you or you have not paid for. Don't do it. You will be arrested if you are caught.

False reports: It is illegal to falsely report the theft or property.

Stolen Goods: Do not buy anything you think might be stolen.

Travelling without a valid ticket: You must have a valid ticket for all public transport. You will be fined if caught and risk being prosecuted.

Banks and changing money

You can change money at most bank branches as well as the post office or bureau de change. You must remember that money changers often give different exchange rates and charge different levels of commission. Try to avoid receiving £50 notes as they are sometimes difficult to change.

If you want to change money, we recommend you go to a Post Office. They usually offer one of the best rates and are commission free.

A Post Office is located a short bus ride from school in Churchill Square:

**WHSmith Post Office
Unit 2 Churchill Square,
Brighton, BN1 2TA**

Visa, Mastercard and other credit cards are accepted in many shops and restaurants.

Most British banks are open from 09.30 to 17.00 Monday to Friday and on Saturday mornings. It is almost impossible for short-stay students to open a bank account - and difficult for many long-stay students. If you want to open your own account in a bank, you need to take:

- Bank reference letter from the school office
- Your identification (ID or passport)
- Tenancy agreement and/or utility bill as proof of your address if you live on your own and not with a host family.

There are also online banks that offer a good exchange rates and it is easy to create an account, for example Monzo or Revolut.
